

## Tyrexpo India 2017 Edition to be held in Chennai from 11-13th July'17

According to the India Tyre Market Forecast and Opportunities, 2020 report, the tyre market in India is forecast to be dominated by the two-wheeler tyre segment, in volume terms, through 2020. Rising vehicle sales, including two wheelers, passenger cars, light commercial vehicles, medium & heavy commercial vehicles, three-wheelers and OTR vehicles, coupled with the country's overall automotive fleet being in excess of 150 million vehicles, have established the country as one of the largest tyre markets in Asia-Pacific. With the last Tyrexpo India edition in June 2016 concluding on a high note, the key sourcing platform for the tyre and related industries will be back in Chennai Trade Centre for another three days of intensive business and networking session from 11 - 13 July 2017.

Organised by Singex Exhibitions, the 5th edition of

the Tyrexpo India continues to be the dedicated trade exhibition for India's tyres, automotive repair & maintenance, and tyre accessories market, where more than 3,000 industry players from within India and the surrounding regions will converge, explore new business opportunities, exchange ideas, products, technologies and solutions relevant to the India market.

Many renowned national & international players like BKT, LingLong Tyres, Sarveshwari Technologies Ltd, Oriental Carbon & Chemicals Ltd & the newest edition to the show – L&T Rubber Processing Machinery will be participating at the show as exhibitors among many others.

Making its entrance this year is the inaugural GarageXpo India. Held alongside Tyrexpo India, GarageXpo India brings together the automotive aftermarket communities in India showcasing the latest automotive repair &

maintenance equipment, technologies, and trends.

As a visitor, you can look forward to new event highlights including the "TyreTalk" and "GarageTalk" where a broad range of topics will be covered, ranging from contemporary issues relating to tyres, workshops, issues affecting the trade, and future technologies and trends. You can also witness first-hand latest product demonstration through our Tyrexpo/GarageXpo Technical Workshop over all three days to maximise your visit at the show.

Tyrexpo India is an event part of the Tyrexpo Series exhibitions held in various parts of the world - Singapore, India (Chennai and New Delhi), South Africa and the United Kingdom, to help drive the industry forward and seize growth opportunities.
